A TEACHER.

THE STUTIAE THEBACIT

“We are experiencing what appears to be the first major shortage since the 1990’s.”

“...teaching is, in some respects, as an occupation, at its lowest point in 20 years.”

“Demand will continue to increase over the next decade as the school age population increases”

“Shortages aren’t an issue because they’re a headache for the HR department, but rather because they impact students. Districts cancel courses, hire unprepared or substitute teachers.”
